## TURKEYS HELP KEEP DOWN GRASSHOPPERS ON FARM

Turkeys range far afield and prey upon insect forms that escape hens. From the time the young are old enough to begin foraging for themselves, perhaps early in June, until near frost, turkeys take the bulk of their food from field insects, devouring millions of grasshoppers and other injurious forms in meadow and pasture, says the United States Department of Agriculture.

In regions where wooded areas are still fairly extensive mast is an important item in the diet of the turkey. When the insect stores begin to fail, the mast larders are beginning to be filled. Feeding on acorns, chestnuts, beechnuts, and the like, turkeys will go a long way toward fattening themselves for the Thanksgiving or Christmas market and will not require much feeding of corn or other grain to finish them. Generally speaking, turkeys will require a larger feeding of grain than chickens to fit them for the market, but, as they utilize forms of waste that hens and their broods would not reach, the keeping of a fair number of turkeys is good economy.

## CORBIN AS THIRD CLASS CITY

**Has Its Own Circuit Court**  
By an act of the 1920 Legislature Corbin became a third class city and as such, is entitled to a Circuit Court of its own. Judge R. S. Rose has set May 27 as the first day of Circuit Court.

We congratulate Corbin on its growth and hustle. It is going ahead rapidly, due partly to circumstances but also to the fact that its citizens are awake and are assisting circumstances.

## BASE BALL

Old Hickory defeated Edgewood in a good game Saturday by a score of 19 to 10. The pitchers were Becker and Overley.

Old Hickory and the Maguet Coal Co. boys of Pineville put up a rattling good game last Sunday with King and Tye as pitchers. The score was 8 to 4 in favor of the Magnets.

Carlie will meet Old Hickory at the F. G. Grounds Sunday. Both have lost to us and the game should be a good one.

Union College met Wesleyan, of Winchester, Ky., on the 13th and one of the best games of the season was pulled off. Union won the bunching hits, while Wesleyan scattered theirs. The former got 8 hits and the latter 10. Pitchers Tye and Barker.

## Berea College

All former students of Berea who desire to hear President Frost give his farewell address and see him for the last time as President of Berea College, should plan to come back at Commencement, June 9th, 1920. Also, the new president will be inducted into the duties of his office at that date. We will try to furnish accommodations for all who come, providing we have notice in time from those desiring to be present.

M. E. VAUGHN, Secretary.

## BOY SCOUT WEEK

As a part of the Tenth Birthday program of the Boy Scouts of America, the week commencing Memorial Day, May 30th, and ending Sunday, June 6th, will be observed nationally as Boy Scout Week. In 17,000 communities where Scout troops are established, a program of outdoor activities will be carried out.

The remarkable growth of the Boy Scouts of America has given a great stimulus to the outdoor activities of American boys. It is probable that throughout the past year more boys have spent days and nights in the open under leadership than ever before in the history of the United States since Pioneer days. And because Boy Scouts have taken the message of the outdoors into their homes, have conducted open window campaigns and fresh air crusades, it is likely that more grown-ups have breathed pure air during the past year than has been the case since the time of our great-grandfathers.

Boys as Scouts have been taught to care for forests and to fight forest fires. They have gathered information for various departments of forestry, sometimes collecting data on the trees of an entire state. They have engaged in fights against insect pests and have made notes on different varieties of birds.

The great success of the Boy Scout Movement has naturally created the demand for a much wider and more rapid extension of the benefits of the movement to the boys not already reached and the objective of Boy Scout Week will be to stimulate this interest.

## GARDEN OF ALLAH IN RED CROSS FILMS

**BISKRA, Algerian Sahara.**—Robert Hichens, author of "The Garden of Allah," now busy on another novel of desert life, will appear soon in an American Red Cross film, "The Children of the Sahara." The picture will be produced in America. Several of the scenes in which Hichens appears, were taken in the colorful so-called Garden of Allah.

## ALUMNI UNION COLLEGE

Don't forget that Monday, May 24th is Alumni Day. Make your plans to fit the College program: Annual business meeting at 3:30 in the College Library, Class Reunion at 3:30 on the Campus if the weather permits, otherwise in the various rooms of the Administration Building. At six o'clock the first Academy Banquet will be served in the dining room, price \$1 a plate. At eight o'clock the first address before the association will be delivered by the Rev. W. F. Gregory of Wesley M. E. Church, Louisville, Ky. Come out and hear one of Barbourville's many sons who have made good. At the close of the address the college orchestra will render a program that you don't want to miss. The public is cordially invited to the evening program.

A most satisfying number of the Alumni from out of town are writing that they will be here for the day.

Success This Bank Has Attained

Was made possible because of these things:

The Resources at the Bank's Command.

The Courtesy of the Bank's Officials.

The Confidence of the Public.

The Fair Methods that have ever prevailed.

The year 1920 will witness a strengthening of these, if it be at all possible.

To the man who has no banking connection, we now issue this invitation to connect himself with this bank. As a depositor his money is absolutely safe and as a borrower he will be accorded as liberal terms as is consistent with safe banking.

## OUR FACILITIES ARE AT YOUR DISPOSAL

Come in and talk it over with any official of the bank. We will give you the advantage of our experience and expert knowledge if you want it.

## TO ONE WITH SURPLUS FUNDS

You will find no safer investment than U. S. Treasury Savings Certificates in denominations of \$100 and \$1,000. Liberty Bonds at present quotations are highly attractive. We can supply your wants in either line.

## STATE ROAD ENGINEER OPENS OFFICE

J. T. Madison, with the State Road Engineering Department, has opened an office in the Snyder building. He is now making a survey of the road leading from the city limits of Middlesboro to the State line at or near Manring, Tenn. Mr. Madison says he is of opinion that it will be about two months before work is started on this road, but that it will be done by the State and Federal Government and when it is completed it will be a model road. — Three States, Middlesboro.

## LACK OF SUGAR NO EXCUSE FOR FAILURE TO CAN EARLY

Fruits can be successfully canned without sugar, and vegetables require none. So, the wise housekeeper is planning to can as much or more than usual this year. Plenty of canned vegetables reduce the grocery and doctor's bills and add pleasure variety to the diet for the winter. Canned without sweetening can be sweetened as it is used. Fruit juices, too, can be canned without sugar. Indeed many people prefer to can them unsweetened, maintaining that the individual flavors are thereby best preserved. Part of the canned juices can be made into jelly next winter. Making jelly when the weather is cool rather than when the mercury lingers in the 90's appeals to many housewives as a sane and sensible procedure.

## ERNST ENDORSED BY GOV. MORROW

Governor Edwin P. Morrow in a ringing letter at Frankfort, Ky., endorses the candidacy of Richard P. Ernst, of Covington, for the Republican nomination for United States Senator. Declaring that the Northern Kentucky aspirant "will and should be nominated," the Governor pays tribute to the Covington candidate as a citizen, lawyer and loyal member of the Republican party. Particular reference is made to his fitness for the office to which Mr. Ernst aspires. A letter is made by Governor Morrow, who says:

"I am very glad to see the announcement of Hon. Richard P. Ernst as a candidate for the Republican nomination for United States Senator. I believe that he will and should be nominated. Mr. Ernst is in every way fitted for the great position to which he aspires. He is a trained and capable lawyer; a man of broad vision familiar with the great questions of the day, and is industrious, energetic and possesses splendid powers of head and heart. He has been a faithful and efficient member of the Republican party and always devoted to its interest. He has participated in its councils, fought its battles, sustained it in its hours of need and contributed to its victories. I believe he can secure more votes in November than any other Republican in Kentucky. In other words, I believe he can 'bring home the bacon'."

"I also feel that a very great majority of the Republican workers and leaders throughout the State are enthusiastically for him. I think his nomination and election are both assured."

## RED CROSS WORK BEGINS TO SHOW AHEAD

RIGA, Estonia.—Deaths from typhus are decreasing in Estonia, according to the report of Lieut. Col. Edward W. Ryan, head of the American Red Cross Commission to West Russia. From eight per cent to one half of one per cent is the record drop in number of deaths in five days in some of the hospitals. Cleaning up hospitals in Reval has been completed and the commission has begun work in Narva.

Rev. W. F. Gregory, pastor of the Wesley M. E. Church, Louisville, Ky. will be here Monday evening and will deliver an address before the Alumni of Union College, his subject being "A Man's Chance."

It is no longer Cap'l John Lawson but Noble Lawson, since he took the Shriners degree at Corbin.

Judge E. N. Ingram, of Pineville was here Tuesday on business.

Jim Bain took his family over to Corbin in his new Velle Saturday.

Bill Hughes has traded his motor boat for a saxon automobile and is now hitting the breeze.

Mr. and Mrs. Ogle left for Seville Tenn., Saturday May 15th. He says he will not teach any more but will go into the chicken business.

Miss Edna Jones left Saturday for Williamsburg.

The B. B. I. boys won the first game of ball played with the High School 11-2. With Town team the score 7 and 7.

Beatrice Hughes won a gold medal in the music class. She has a record never missed a lesson for nine months and practiced 288 hours.

Mrs. Hughes takes charge of the buildings of B. B. I. for the summer.

The examination was held in the normal room Friday and Saturday by Miss Nettie Hammons and James Blair the examiners for this year. Nine made diplomas two failed.

They will hold examinations for the certificates Friday and Saturday May 21st. and 22nd.

Several B. B. I. students staid over this week and kept their rooms in the Brown Hall until the examination.

## ASSOCIATED PRODUCERS SHOOT WELL

The Associated Producers well on Stinking Creek was shot Sunday night at 9 o'clock. A quantity of oil was bailed out when the bailer was let down and the shot brought quite a lot of oil with it, but the operation was not a success as the casing was shot 170 feet into the air and two of the legs were shot from under the skirt. Until the casing and the dirt are replaced it will be impossible to tell what the well will amount to.

## FLAT LICK NEWS

Sunday morning at 3 o'clock, May 2nd, 1920 Uncle Woodson Jordan, minister of the Baptist Church passed away. He went to bed in good health and spirits. He leaves several children and a host of friends to mourn his going.

## HIGH SCHOOL SENIORS ARE ENTERTAINED

Mrs. W. B. Minton was hostess to the graduating classes of the High School, H. H. I. and Union College Academy, all of whom have just completed their High School course.

Mrs. Minton has been Faculty Advisor for the Union College class for two years and they acted as her assistants in receiving and serving. The young people gathered at the thirty and after getting acquainted posed for kodak pictures. The I. C. class then presented the following program: —Song, Xenia Gilbert; Clarinet Solo, Alan Tingle; song, Jettie Stratton, Sallie Bain accompanist. Raymond Overley gave a humorous sketch.

A buffet supper was served after partners had been found by matching quotations. The young people were then divided according to birth months and each side was to do stunts. A very entertaining mock wedding ceremony was staged with Raymond Overley as the inexperienced groom, Ermella Tye as the blushing bride and George Messer the skillful parson, who almost followed the wedding ceremony but not exactly. As the time for the program which all wished to attend at Union came — all too soon — the young people left amid laughter and jokes finishing off with a tiger for the seniors and a special one for Mrs. Minton.

If customers of the Lee Company want ice, please be sure to hang out the ice card. If the customer has no ice card phone the plant or ask the driver for a card.

Only fifty-two miles in two days by motor truck!

Alaska? No---Wyoming.

The reason? Snow and temperature of 12 degrees below zero.

This sample of an old-fashioned western blizzard was experienced by a service truck on a recent trip from Lorain to Casper. Overtaken by the blinding storm, the big vehicle labored through the immense drifts under the worst travelling conditions known for years in this country.

By means of strenuous shovelling by the drivers and the traction given by Goodyear treads, the truck made the 600 miles in six days and won the distinction of being the first motor vehicle to make the trip.

## COLLEGE NOTES

This is the time of year when picnics are very prominent. The classes that have not had this spring picnic are planning to get it in this week. The Freshmen Academy class and the Sub Academic class went on their picnic last Monday. If action means anything they must have had a very enjoyable trip, for their return was happy one. They filled the atmosphere round about with laughter and yells.

When you meet any one on the campus these last days of school he either says something about examinations or commencement. We are now in the midst of these two activities. The commencement programs have gone off nicely so far, and the best is yet to come.

Another victory for Union. Last Thursday the Kentucky Wesleyan College base ball team played the Union boys on the

## WOMAN'S STUDY CLUB

The Woman's Study Club held the last meeting of the club year at the home of Mrs. Joseph Mitchell, on May 13th.

Twelve members were present. Miss Ruby Putman was a guest of the club.

In the absence of the president, Mrs. Marcus, Mrs. Heldrick, president elect for the ensuing year very ably presided.

Mrs. Maud T. Marcus, president of the club for the past three years, sent in her resignation as an active member because of having accepted a position as Assistant State Librarian at Frankfort, Kentucky. Her resignation was accepted and in appreciation of her splendid service tendered the club, she was unanimously elected an Honorary President of the club.

A letter was read from the Federation headquarters concerning the State Convention of the Federated Women's Clubs to be held at Madisonville, Ky., from May 23 to 28. Mrs. Heldrick was elected a delegate from the Women's Study Club to this convention and Miss Pelly was elected as an alternate.

A letter also was read from Mrs. Lefoa Riker, President of the State Federation asking that the club lend its support to the present Salvation Army Drive.

The Club voted to have the corresponding secretary write a letter to our Senators and Representatives asking them to vote in favor of the Illiteracy Bill.

Programs for next year were discussed and on account of the high cost of living, the club voted to have home made programs asking the artist members to originate uniform designs for the covers.

Following the business part of the meeting Mrs. Condon gave a splendid talk on "Intimate Glimpses into the Lives of Great Opera Singers."

After adjournment the hostess served delightful refreshments.

## SOME SHIPPING FIGURES

In 1810, about 90 per cent of the foreign commerce of the United States was carried on in American ships. In 1910 less than 9 per cent of our commerce was carried in ships bearing the stars and stripes. Because of the destruction of British ships and the capture of German ships, together with emergency construction of merchant ships in the United States, nearly 28 per cent of our trade was transported in American bottoms in 1919. What the statistics shall show in 1929 will depend largely upon the enterprise of American investors under the encouragement of the government. A co-operative spirit is necessary to success.

## H. S. FACULTY ENTERTAIN SENIORS

The High School Faculty, Prof. Belcher, Mrs. Lulu H. Smith, Miss King and Miss Mayhew, entertained the graduating class with Mrs. Belcher to dinner at the Jones Hotel on Tuesday evening. Pink roses were used as favors and for decorations.

After the dinner Mrs. S. T. Davidson entertained both Faculty and Class at the Star Theatre.

## "IT WAS A FRIEND IN NEED" HE SAYS

Railroad Man Was So Run Down He Could Hardly Stay on Job—Feels Like New Made Man Now

"Tancac certainly proved to be a friend in need to me, for when I started taking it I was in a badly run-down condition, but I am now enjoying the best of health," said Fred Walthers, 1816 Pool street, Toledo, Ohio, an employe at the Pennsylvania Railroad shops.

"For quite a while I had been suffering from stomach trouble," added Mr. Walthers. "My appetite was so poor I had to force down every mouthful I ate and especially in the mornings when I seldom ate any breakfast at all, usually drinking only a small cup of coffee. The little I did manage to eat awoke almost at once and gas pressed my heart so at times it was difficult for me to breathe. I also suffered with severe headaches nearly all the time and at times would have dizzy spells when it was just about all I could do to keep from falling. I was unable to get but little sleep and always got up in the mornings feeling tired and wornout. Not being able to eat scarcely anything and loss of sleep with my other troubles was telling on me and I began to lose strength very fast, and finally it was just about all I could do to do my work at the railroad shops."

"I had tried several different medicines without receiving any benefit from them, when one of the boys at the shop who had been greatly benefited by Tancac advised me to give it a trial, and as he was so loud in his praise about it I decided to take his advice. Well, sir, to make a long story short, it proved to be the very thing I needed, and it was only a short while before I had a splendid appetite and now I can eat just anything I want without hurting me a particle. I always get a good night's sleep and get up in the morning feeling fine and ready for a good day's work, which I can now do with ease."

Tancac has made life worth living to me, and I will only be too glad to recommend it whenever I have an opportunity."

Tancac is sold in Barbourville at the Cut Rate Drug store. Adv.

## HANDING G. O. P. HARD JOH

The way the democratic administration has built up an expansive governmental organization and incurred a huge debt, all of which it will turn over to a Republican administration next March, reminds us of the boy who put 27 eggs in a setting hen's nest. "Why, the hen can't cover all those eggs," exclaimed his mother. "I know she can't," replied the boy, "but I like to see her spread herself."

The Republican party will have some job when it takes over the bunch of troubles accumulated by the Democrats.

## DOUGHNUTS and CRULLERS

From the NEW ROYAL COOK BOOK

**DOUGHNUTS** made the doughboy happy during the war and no wonder. There is nothing more wholesome and delightful than doughnuts or crullers rightly made. Their rich, golden color and appetizing aroma will create an appetite quicker than anything else in the world.

Here are the famous doughnut and cruller recipes from the New Royal Cook Book.

**Doughnut**  
3 tablespoons shortening  
1/2 cup sugar  
1 egg  
1/2 cup milk  
1/2 teaspoon nutmeg  
1/2 teaspoon salt  
3 cups flour  
4 teaspoons Royal Baking Powder

Cream shortening; add sugar and well-beaten egg; stir in milk; add nutmeg, salt, flour and baking powder which have been sifted together; mix well. Drop by teaspoons into deep hot fat and fry until brown. Drain well on unglazed paper and dip quickly with powdered sugar.

**Afternoon Tea Doughnuts**  
3 eggs  
3 tablespoons sugar  
1/2 teaspoon salt  
1/2 teaspoon grated nutmeg

2 tablespoons shortening  
6 tablespoons milk  
2 cups flour  
3 teaspoons Royal Baking Powder

Beat eggs until very light; add sugar, salt, nutmeg and melted shortening; add milk, and flour and baking powder which have been sifted together; mix well. Drop by teaspoons into deep hot fat and fry until brown. Drain well on unglazed paper and dip quickly with powdered sugar.

**Crullers**  
4 tablespoons shortening  
1 cup sugar  
2 eggs  
3 cups flour  
1 teaspoon cinnamon  
1/2 teaspoon salt  
3 teaspoons Royal Baking Powder

Cream shortening; add sugar gradually and beaten eggs; sift together flour, cinnamon, salt and baking powder; add one-half and mix well; add milk and remainder of dry ingredients to make soft dough. Roll out on floured board to about 1/4 inch thick and cut out about 4 inches long and 1/4 inch wide; roll in hands and twist each strip and bring ends together. Fry in deep hot fat. Drain and roll in powdered sugar.

### SINGING BAND

#### AT CHAUTAUQUA

The Red Grenadiers Band and Male Chorus, four splendid musical companies, great lectures on timely topics—these are notable attractions which will appear here on the 1920 Redpath Chautauqua. The entire program is replete with features of compelling interest and timeliness.

The Premier Singers and Players Company will be the attraction on the first afternoon. Four talented, vivacious artists compose this company. They render programs of great variety, combining orchestral, vocal and special novelty features.

Every number is given with brightness and sparkle which will make this company long remembered in the community. A striking feature of the programs will be the rendition of selections from the standard operas. This is a feature which never fails to please Chautauqua audiences.

"The Man of the New Age" is the lecture theme of Dr. Geo. L. Parker who will speak here on the opening night of the Chautauqua. Dr. Parker is a widely known inspirational lecturer who always gives to his hearers a message distinctly worth while. He is a virile, magnetic speaker and one who holds his audiences both by the force of his ideas and the magnetic quality of his oratory.

Earl H. Hippel, "Wizard of the Xylophone," is manager of the Hippel Concert Company, which will appear here in a prelude on the second afternoon and a grand concert at night. The company's program is both classical and popular in character and is so universal in scope that it pleases the entire audience. Four artists of attainment compose this excellent concert company.

Judge Manford Schoonover, on the second afternoon, will give his great lecture "Unseen Forces." He is a man's man, one who talks "straight from the shoulder." He has fought his way up from obscurity to a place of trust in the councils of his state. He is "home folks" the kind of man you will enjoy meeting at the close of the address.

In his inspiring lecture he portrays the great lesson of self respect, the call of the still small voice of one's better self.

The American Girls who will appear on the third day, are entertainers extraordinary. They possess a never failing pleasure and refreshment which always insures them the heartiest welcome. Theirs is a distinctly entertainment attraction. They render their selections in a thoroly artistic manner and do not attempt to give the so-called "classical" selections, seeking rather to feature the popular and laugh-producing songs and instrumental numbers.

Thomas Brooks Fletcher, one of America's greatest dramatic orators, on the third night will give one of his master lectures. Thomas Brooks Fletcher is one of the most powerful orators of our time. He entertains but he also has a powerful message and knows how to tell it. People want to hear about the things that are being done in this country and that is what Fletcher is telling them in a way that commands attention and that stimulates men to action. He leaves the impress of his lecture on every community.

Wallace Bruce Amsbury is "the bearer of a story." His "Jean Baptist and His Brethren" will introduce the character of the French Canadian, that delightful type which adds so much color and charm to the poems, novels and stories of Sir Gilbert Parker, Mary Hartwell Catherwood, Dr. Henry van Dyke and Dr. Wm. Henry Drummond. Wallace Bruce Amsbury will be heard on the

fourth afternoon.

The Red Grenadiers Band and Male Chorus, which will appear in a prelude concert on the fourth afternoon and a grand concert at night will be one of the greatest features of the entire Chautauqua week. In fact, it has been long, indeed, since Redpath presented on this big circuit a better or bigger attraction than this great singing band. Their concerts will be hailed with enthusiasm everywhere. ## This Medicine Recommended by a Doctor

A doctor uses a medicine himself besides prescribing it to his patients, he must know that it has merit. This is what Dr. J. H. Wagner, a prominent physician of Skat, Kentucky, has to say about Dr. Hartman's well-known remedy, PE-RU-NA: "I have used PE-RU-NA myself for catarrh and have given it to others for catarrh, bloating after eating and other ailments. It has proved a success in all cases with old and young men and women. All speak well of PE-RU-NA. It is the best of all tonics."

Dr. Wagner, out of the fullness of his own personal experience, for the good of all sick and suffering, recommends a medicine which he knows to be good. You may be sure a doctor would not endanger his professional reputation by endorsing PE-RU-NA unless satisfied beyond a doubt of its value.

Whether your trouble be a cough or a cold, or a more subtle catarrhal affection of the stomach, bowels or other organs, give PE-RU-NA a trial. The immediate improvement which you will see will satisfy beyond a doubt that PE-RU-NA is what you need.

DR. J. H. WAGNER  
Say beyond a doubt that PE-RU-NA is what you need.  
PE-RU-NA may be purchased anywhere in tablet or liquid form.

## OUT-OF-LOVE CLUBS FOR FRIENDLESS GIRLS

How the Salvation Army Helps to Solve a Big Problem in Welfare Work.

Clubs, composed of girls who have fallen, but who have been reclaimed as useful members of society, are in operation in many cities in Kentucky.

The membership of these organizations—called Out-of-Love Clubs—comprises girls and women who have passed through the rescue homes of the Army and who are now working hard to help other girls who are "down, but not out."

The Out-of-Love Clubs is the follow-up system of the Salvation Army. Every girl who passes through the rescue homes of the Army is invited to become a member.

Her membership entails a personal responsibility on her part to help other girls. Out of love she gives a little of her earnings to help others; out of love she gives some of her time to cheer others.

Out-of-Love Clubs meet at stated intervals at many of the Salvation Army corps in the state.

Statistics show that over 80 per cent of the girls passing through the homes are reclaimed.

### INCOME TAX NO WORRY

Every member of the Salvation Army in the United States, from Commander Evangeline Booth down to the youngest soldier in the ranks, has found something about which he does not have to worry.

It's the salary income tax.

According to internal revenue collectors not a member of the Army in the United States received enough salary last year to make a tax return.

## INVENTIVE GENIUS ROBS CALOMEL OF NAUSEA AND DANGER

Doctors' Favorite Medicine Now Purified and Refined from All Objectionable Effects. "Calotabs"—the New Name.

What will human ingenuity do, next? Smokeless powder, wireless telegraphy, horseless carriages, radioless radios, tasteless quinine—now comes nauseous calomel. The new improvement called "Calotabs" is now on sale at drugstores.

For biliousness, constipation and indigestion this new calomel tablet is a practically perfect remedy, as evidenced by the fact that the manufacturers have authorized all druggists to refund the price if the customer is not "perfectly delighted" with Calotabs. One tablet a bottle with a swallow of water—that's all. No taste, no nausea, no griping, no salts. By morning your liver is thoroughly cleansed and you are feeling fine, with a hearty appetite. Eat what you please—no danger—go about your business.

Calotabs are not sold in bulk. Get an original package, sealed. Price, thirty-five cents. (adv.)

### CONVERT BRUSH INTO PASTURE

There are many hundreds of thousands of acres of land grown up into brush that should be in permanent pasture. Most farms all over the country have some such acres. With labor as high as it is at present, many farmers figure that they can not afford to clear brush land for pasture, but the United States Department of Agriculture points out that the labor employed on practically any farm can be utilized to clear from one to a few acres of brush land every year at times when regular farm work cannot be done. The brush can be cleared away at any time, of course, and after it is cleared the ground may be plowed at intervals when the tilled fields are too wet for plowing.

Every acre of land cleared and put in permanent pasture means an investment that will pay dividends thru a lifetime. The kinds of grass to sow vary with the locality. The Department of Agriculture has conducted extensive investigations to determine the best methods of making permanent pastures in the various sections of the country. Literature and other information on the subject may be had by writing the department.

### OH! MY BACK!

The Expression of Many a Kidney Sufferer in Barboursville

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs.

Here's Barboursville proof: Tyre Lawson says: "I suffered with my kidneys off and on for twenty years and was down for weeks at a time, suffering with my back. The pain almost drew me double. I could not walk straight and often had to lie down to rest my back. I could hardly lift anything or do any work and had to give up job. Doan's Kidney Pills cured me makin me sound and well. I have had no backaches or other sign of kidney trouble for years."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lawson had. Foster-Millburn Co. Mfg., Buffalo, N. Y. Adv.

Red-blooded Men and Women Know  
What They Want To Do  
and Do It

If you are just recovering from a sick spell—or may be your system is run down and your blood so weak that you are in a poor shape to resist infection—

But if you don't feel and look robust you are not robust. Such state is often due to weak blood, not enough red blood cells a condition known as anemia.

The best remedy for anemia (bloodlessness) with its low mental and physical vigor is Gude's Pepto-Mangan.

Pepto-Mangan supplies the weak, watery blood with the very elements it needs to put new life into it. It repairs, re-creates, and re-builds the exhausted blood, the vital fluid of health and life. Try Pepto-Mangan if you are "rundown." It cannot harm you—it will certainly help you unless you have some deep-seated chronic disease requiring the physician's care. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto Mangan. For sale at all druggists. (adv)

### USE AIRSHIP

#### To Supervise Cotton Growing

For the first time in history, cotton growing will be supervised from the air when within the next four months a small dirigible will be used for this purpose on the 28,000 acre plantation of The Goodyear Tire & Rubber Company at Goodyear and Litchfield, Arizona, near Phoenix.

At present mounted overseers are employed, but the company has been obliged to use more modern means by the acquisition of many thousand more acres of desert which will be irrigated to grow long staple cotton used in fabric for the manufacture of automobile tires.

Besides its use for purposes of supervision, the dirigible will probably be used to transport Goodyear Officials to Phoenix and even as far as the California factory at Los Angeles, a trip of about 400 miles.

For these purposes the "pony blimp" type of airship will be used because of its ease in handling and small crew requirements. Built as the first dirigible used in this country for commercial purposes, the little airship, probably the smallest practical dirigible ever constructed is now being manufactured at the company's shops in Akron, Ohio. Completion is expected within four months, after which the ship will be sent to Arizona and used for inspection and supervision of the immense cotton plantation of the country in the midst of the desert.

But 95 feet long, 28 feet high and 40 feet in diameter, this 35,000 cubic foot capacity dirigible will be able to make a speed of 40 miles an hour over the plantation and will have a range of 400 miles at cruising speed. The pilot and overseer will be able to cover the plantation easily in a short time and can make landings at any point where attention is required.

Company officials believe that the use of an airship for purposes of supervision on the cotton plantation will show that this commercial use of dirigibles can be extended to wheat field survey and similar purposes.—Goodyear News Service.

is continuing its drive for members.  
There are some 800 men in Knox  
County who served under the flag  
and of these only 150 have joined  
the Legion. In the years to come,  
it will be an honor to be identified  
with this splendid, patriotic body  
and we sincerely trust that there  
will be a full representation of Knox  
County boys in the Deaton-Smith  
Post as the result of this drive. Send  
in your names to Ben C. Herndon,  
Adjutant, who will welcome you as  
full fledged comrades.

Rev. Dr. John Gray has gone back  
to Missouri to deliver baccalaureate  
lectures.

## It Helps!

There can be no doubt as to the merit of Cardui, the woman's tonic, in the treatment of many troubles peculiar to women. The thousands of women who have been helped by Cardui in the past 40 years, is conclusive proof that it is a good medicine for women who suffer. It should help you, too.

## The Woman's Tonic

Mrs. N. E. Varner, of Hixson, Tenn., writes: "I was passing through the . . . My back and sides were terrible, and my suffering indescribable. I can't tell just how and where I hurt, about all over, I think . . . I began Cardui, and my pains grew less and less, until I was cured. I am remarkably strong for a woman 64 years of age. I do all my housework." Try Cardui, today. E-76
